19 Dec 19

Elgi Sauer Compressors
Coimbatore

**VISIT BY OFFICER PARTICIPANTS OF HIGHER
DEFENCE MANAGEMENT COURSE**

1. A team of 13 officers from the College of Defence Management visited the Elgi Sauer Compressors Manufacturing Facility on 09 Dec 19 as part of a Management Education Tour.
2. They were given a comprehensive briefing on the Compressed Air industry in the nation and the growth of the Elgi group in this key field of human endeavour. They were also shown around the various shops of the facility. During this visit, they have gained profound insights into the current level of technological development in the field as well as contemporary management concepts and practices in vogue. Key among the takeaways from your facility are the focus on quality and the importance of a strategic vision that is exemplified by the Elgi goal of CK2.
3. I would like to place on record my deep sense of appreciation and gratitude for your having facilitated this professionally rewarding visit. I am sanguine that the connect between College of Defence Management and the Elgi Sauer Compressors would grow from strength to strength in the coming years.
4. Please convey our sincere appreciation to all members of your team for having successfully conducted the visit in such an exemplary manner.

*With warm regards
Yours Sincerely
Sandeep*
